INTRODUCTION

The Aging and Disability Resource Center (ADRC) of Buffalo and Pepin Counties is a single point of contact for information and assistance to residents of Buffalo and Pepin Counties, all at no cost to you. We can help you sort through the options that are available for older adults aged 60+ and adults with disabilities, mental illness and/or substance abuse disorders, along with their family members and caregivers. Having this knowledge will enable you to make informed decisions about such things as:

- Maintaining your independence
- Choices for long-term care and related services
- Medicare benefits and other health-related benefits
- Social Security benefits
- Supportive services and resources in your community

Pepin County publishes a monthly newsletter called the “Golden Age Newsletter”. This newsletter includes information and local resources for seniors and their family/caregivers. To start receiving this newsletter by mail or email, call (866)-578-2372.

BENEFIT SPECIALIST PROGRAMS

A Benefit Specialist is an individual who has been trained to help persons who are having difficulty with their private or government benefits. Benefit Specialists are often called “red tape cutters” because they are experts at helping adults with disabilities and the aging population with the extensive and complicated paperwork that is often required in applying for and obtaining benefits.

An **Elder Benefit Specialist (EBS)** assists anyone that is 60 years of age or older with answering questions or helping with the complicated paperwork that comes along with:

- Medicare A, B, C, and D
- Medicare Supplement Policies
- Social Security
- Other Public and Private Benefit Programs
A **Disability Benefit Specialist (DBS)** assists individuals ages 18-59 who have physical and/or developmental disabilities, mental illness, or substance use disorders. They provide information and assistance regarding public and private benefit programs and help individuals apply for and/or appeal the denial of benefits. Some areas and programs that they can assist with include:

- Medicaid (Medical Assistance)
- Medicare, Including Part D
- Prescription Drug Assistance
- Health Insurance Issues
- Employment
- Supplemental Security Income (SSI)
- Social Security Disability (SSDI)
- Housing & Utility Issues
- Low-Income Tax Credits
- Food Share

**You may make an appointment with a Benefit Specialist through the ADRC of Buffalo and Pepin Counties by calling (866) 578-2372.**

**CAREGIVER ASSISTANCE**

Personal Emergency Response System (PERS)
A personal emergency response system (PERS) is a home device that connects an individual to a 24-hour call center with the push of a button. The transmitter is typically worn on a neck pendant or wristband and sends a signal to the receiver. When the PERS button is pushed, the call center staff member evaluates the situation to decide if family or 911 should be contacted. The individual can talk with the call center staff from anywhere in the house using a 2-way intercom.

Power of Attorney: Healthcare and Finance

The Power of Attorney for Health Care law allows you to complete a written document designating another person to act on your behalf as your health care agent. Subject to limitations you impose, the designated health care agent is authorized to make many types of health care decisions on your behalf, should you later become incapacitated. In addition, it allows you to indicate in advance when, and under what circumstances, you would like to receive or refuse a feeding tube for provision of nutrition or hydration and receive or refuse the use of life-sustaining procedures. A Power of Attorney for Health Care takes effect upon a finding of incapacity by 2 physicians who have personally examined the individual and sign a statement specifying that the individual has incapacity. Incapacity means “the inability to receive and evaluate information effectively or to communicate decisions to such an extent that the individual lacks the capacity to manage his or her health care decisions”.

The Power of Attorney for Finances allows you to plan for future financial decision-making even if you are unable to make your own decisions. By completing this document, you are not giving up any powers or rights to control your finances or property. Instead, you are giving your designated agent, in addition to yourself, the authority to handle your finances and property. This document is effective immediately when executed unless you state otherwise.

Why is drafting a Power of Attorney important to you and your family?
Completing an advance directive (Power of Attorney) is a gift to yourself and those you love. You are encouraged to make your wishes and expectations about medical care and end-of-life care known to loved ones and to solidify these wishes by completing an advanced directive. When your wishes are known, everyone is on the same page. These decisions should be made now and not in a time of crisis.

Why would ADRC’s educate and promote the completion of advance directives?
• Firstly, having the advance directive allows the family to focus on medical decisions and supporting one another.
• Secondly, without an advance directive, family members may need to hire attorneys and participate in court processes to obtain guardianship and protective placement authority before they are able to make healthcare decisions. This process is very costly not only to the family but to the county system. It also means that no action can be taken until these steps are taken, causing families to wait for days/weeks to make important decisions.
What can you do?
Everyone aged 18 and older is encouraged to have an advance directive. If you do not have an advance directive contact the ADRC of Buffalo and Pepin Counties at 1-866-578-2372 or stop by their offices at the Buffalo and Pepin County Courthouse and ask for the WI advance directive document(s). ADRC staff are available to help explain the documents and their importance. You may also ask your health care provider. Fill out the form and ensure that your loved ones have a copy of the document. Secondly, ask your family and friends if they have an advance directive. If not, please share this important information.
