

State of Wisconsin

To Whom It May Concern:

Enclosed is the Supported Decision-Making Agreement form you requested. The Supported Decision-Making Agreement makes it possible for persons to choose trusted people (called supporters) to help them gather and understand information, compare options, and communicate their decisions to others. Supported decision-making agreements DO NOT restrict the person's rights to make decisions; the person makes all their own decisions.

Supported decision-making is a way for people with disabilities to get help from trusted family members, friends, and professionals, to help them understand the situations and choices they face so they can make their own decisions. Supported decision-making enables people with disabilities to ask for support where and when they need it. Supported Decision-Making is NOT a form of guardianship or a power of attorney.

When entering into a supported decision-making agreement, those who can provide help in making decisions are called supporters. Supported decision-making agreements DO NOT take away any rights from the person asking for support. Supporters agree to help explain information, answer questions, weigh options, and let others know about decisions that are made. Supporters DO NOT make the decisions.

The form includes a list of decisions the person with a disability wants assistance in making and identifies supporters they trust to help them with those decisions. Be sure to read all four pages of the form carefully and understand it before you complete and sign it. The agreement must be signed with two witnesses who are at least 18 years of age OR by a notary public.

More information is available to assist you in filling out this form. The Board for People with Developmental Disabilities has additional information on supported decision-making available on its website:
